

# Dogs

Dogs are permitted in Knox Mountain Park only if they are on-leash, on trail and have a current dog license. The only exception is the designated off-leash dog park south of Knox Mountain Drive.

Keeping dogs on-leash and on trails helps to avoid injury to wildlife, impacts to environmentally sensitive areas and damage to Kokanee spawning habitat. It also helps to protect public health and safety.

## On-leash:

- Pick up after your dog.
- Keep your dog under control at all times.
- Keep your dog on a leash of two meters or less in length.
- Stay on designated trails.

## Off-leash Dog Park:

- Pick up after your dog.
- Keep your dogs under control at all times.
- Keep sick dogs at home.
- Keep dogs on-leash when entering and exiting the dog park.

# Park & Trail Etiquette:

- Stay on designated hiking and cycling trails  
Don't go around water bars, stairs or other structures as they help stabilize trails and minimize erosion. Ride...don't slide – control your bicycle to avoid eroding trails.
- When there's heavy rain, don't ride or hike.  
Please refrain from using until the trails dry out.
- Enter the park only from sanctioned access points.
- Cyclists yield to hikers and dismount when approaching groups.
- Respect the environment.  
Take only photographs and leave only footprints.
